The Foundation Banque de France, together with the French institutions listed below, is organizing the 9<sup>th</sup> Joint French Macro Workshop on **11 December 2015**. The goal of this workshop is to bring together macroeconomists to discuss current research frontiers on a regular basis. To encourage participation from young economists, we aim to reserve 50% of the presentation for economists who have completed their PhD's no more than 6 years ago.

Applications from economists from all Europe-based institutions are welcomed in all fields of macroeconomics. Theoretical and empirical contributions are equally welcome. The keynote speaker will be **Jaume Ventura** (CREI, UPF and Barcelona GSE).

The workshop is a one-day event which will take place at Banque de France (Paris) on 11 December 2015. A conference dinner is scheduled in the evening of 10 December. Travel and accommodation expenses will be covered.
