

4 October 2016

### The average remuneration for bank deposits (households and companies) almost unchanged in August 2016

The average interest rate of bank deposits is almost unchanged in August 2016 (0.80%, down from 0.81% in July). The remuneration of deposits with agreed maturity over two years declines slightly (2.51%, down from 2.53%), just as the interest rate for deposits with agreed maturity up to two years (0.38%, down from 0.39%) and for ordinary savings passbooks (0.40%, down from 0.44%). The remuneration is higher for households than for companies, due to regulated savings rates (see [report of the Observatoire de l'épargne réglementée](#)).
