

Call for Papers

Workshop on Empirical Monetary Economics 2025

December 9, 2025

OFCE, research center in economics of <u>Sciences Po</u> 10 place de Catalogne, 75014 Paris, France

Objective

The purpose of this workshop is to provide the opportunity to discuss and promote topical empirical research related to all areas of monetary economics. Some particularly relevant topics are:

- → The transmission channels of monetary policy
- → The role of heterogeneity for monetary policy effects
- → Micro evidence of price-setting behavior and expectation formation
- → Monetary policy, financial stability and macroprudential policies
- → Central bank balance sheet policies and quasi-fiscal monetary policies
- → Monetary policy and transition risks related to climate change
- → Central bank communication strategies

Keynote speaker

Silvia Miranda-Agrippino (Federal Reserve Bank of New York)

Submissions

Please submit a full paper in PDF format by filling this <u>online form</u>. The deadline for submissions is **September 15, 2025**. Authors will be notified of decisions shortly after.

Practical information

This one-day workshop will take place at OFCE in Paris, France. There is no registration fee and the workshop does not cover travel and accommodation costs.
